

Updated Trader Joe's Pas Yisroel & Cholov Yisroel List: Elul 5780/ September 2020

Compiled By Rabbi Nissan Zibell

Important To Note:

To understand this list and avoid possible mistakes, please read the below points carefully.

To confirm that you have our most updated list, please log onto kashrusbeitheknow.com

- Many Hashgachos on the list below are relying on a glow bar heating element or a pilot to make their products Pas Yisroel. One should check with their Rav if their standard is to accept this way of making products Pas Yisroel.
- Anything that doesn't clearly say Pas Yisroel on a package should be double checked with the Hashgacha on a yearly basis (we recommend twice a year). At times, there may be products that are not on a Hashgacha's list as being Pas Yisroel, but are in fact Pas Yisroel. You can send us an email at kashrusbeintheknow@gmail.com, or check with Rabbanim in the kashrus field who would know of such products and if anything has changed in their status. One should also stay informed by following kashrus agencies and kashrus alerts for any changes that may happen.
- Read the packaging carefully!** Some products may look exactly the same as others - and may even be the same product - however, if it is under a different hechsher that is mentioned on the list below, then the Pas Yisroel status will change too. One should be careful that not just the product name matches the list, but that it also matches the hechsher that is on the list below. See here just a few examples of possible mistakes one can make.
